

EMBO | Japan Virtual Lectures

Unraveling the mechanisms of cell growth and migration

March 2, 2021 | 17:00 – 19:00 JST

17:00–17:10: Welcome

Prof. Noriko Osumi, Vice President, Tohoku University, Japan
Prof. Maria Leptin, Director, EMBO, Germany

17:10–17:40: TOR signaling and the control of cell growth

Prof. Michael N. Hall, Professor of Biochemistry, University of
Basel, Switzerland

17:40–18:10: Mechanical perspective of collective cell movement in epithelial morphogenesis

Prof. Erina Kuranaga, Professor, Laboratory for Histogenic
Dynamics, Graduate School of Life Sciences, Tohoku University,
Japan

18:10–18:30: Q&A session

18:30–19:00: Meet the speakers

(for researchers @Tohoku University, upon invitation)

Open to the life sciences
community in Japan

Registration:
